

REMARKS

The second Official Action dated 06 October 2004 has been carefully considered, along with cited references, applicable sections of the Patent Act, Patent Rules, the Manual of Patent Examining Procedure and relevant decisional law.

The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the positioning part of the holding body is formed as a hollow sleeve-ring structure in corresponding to said sleeving and covering part as recited in claim 10 must be shown or the feature(s) canceled from the claim(s).

In response, claim 10 has been canceled to overcome the rejection to the drawings, such that the drawings are not required to be amended.

Claims 5-10 are rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 5, the phrase “said covering part” lacks proper antecedent basis.

In response, in claim 5, the phrase “said covering part” has been amended to –said covering body--, in order to overcome the rejection under 35 U.S.C. § 112, second paragraph.

Claims 5-7 and 9 are rejected under 35 U.S.C. § 103(a) as being unpatentable over Chen (6,058,360).

However, the Examiner has kindly indicated that claims 1-4 are allowed.

In addition, the Examiner has further kindly indicated that claims 8 and 10 would be allowable if written or amended to overcome the rejection(s) under 35 U.S.C. § 112, second paragraph, set forth in this Office Action, and to include all of the limitations of the base claim and any intervening claims.

In response, claim 10 has been canceled to overcome the rejection(s) under 35 U.S.C. § 112, second paragraph, set forth in this Office Action.

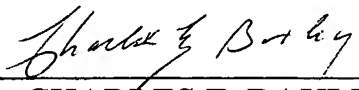

Claim 8 which is indicated to be allowable have been deleted, and has been included into claim 5.

Claims 6, 7, 9 are dependent on the amended claim 5.

Accordingly, claims 1-7 and 9 would appear to be allowable, and early issuance of a Notice of Allowance is accordingly most respectfully solicited.

Courtesy and cooperation of Examiner BUI are appreciated.

Respectfully submitted,
